Email: vk5hfc@gmail.com

Summary

Faith is a senior environmental manager, with 10-15 years experience. She has personal strengths in spatial statistics, Geographical Information Systems, problem solving, lateral thinking, project management, stakeholder consultation and mediation. Faith loves a challenge and the opportunity to learn something new.

Employment History

Oct 2007- Oct 2010

**Delta Environmental Consulting
Senior Consultant**

Vegetation assessment, change mapping, saltmarsh carbon sequestration, industrial carbon footprinting, estuarine water quality assessment, identification of site contamination, modelling impacts of industrial discharges, quantifying habitat values and threats to shorebirds, saltmarsh restoration.

Jan 2007- October 2007

**Kellogg Brown and Root (KBR)
Senior Consultant**

Project management, document review, tendering, design of biological sewage treatment systems, weed management plans and ecological assessments for proposed developments.

Jan 2005 – Jan 2007

**SENRM and the Coorong District Council
Land and Water Management Planner / Project Officer**

Development, consultation, ministerial launch and initial implementation of the Tintinara-Coonalpyn Land and Water Management Plan.

1996 – Jan 2005

**Delta Environmental Consulting
Technician / Consultant**

Monitoring of stormwater and industrial discharges, quality assurance testing, saltmarsh and creekline management plans, environmental impact assessments, interpretive signage.

- 1998 – 2000 **Douglas Mawson Institute**
Learning Support Tutor
- Casual tutoring in the evening to students with learning difficulties. Subjects included computer systems, chemistry, mathematics and statistics.
- 1999 **Steer Davies Gleave**
Community consultation and recruitment
- Faith worked as a casual recruiter for Steer Davies Gleave on the Transport SA Travel Smart Pilot program, in the suburbs of Dulwich and Rose Park. At the end of the project, Faith was given a certificate acknowledging that she was the recruiter with the highest percentage of community uptake.
- 1995 – Dec 1996 **Conservation Education Services**
Tour Guide
- Faith provided interpretation of intertidal systems to members of the public, trained new volunteers, wrote an Access database to record tour bookings at three ecotourism locations and edited the 'Swamped' Friends of the St Kilda Mangrove Trail newsletter.
